Yeshivah of Flatbush Joel Braverman High School

Expected Graduation: June 2021 | GPA: 90.3

Relevant Coursework: Introduction to Coding, AP Computer Science, AP Environmental Science, AP Macroeconomics, AP Microeconomics, Web Design Lunch Course, Regents Algebra, Regents Geometry

WORK EXPERIENCE

ACE Mentorship Program - Team 21, New York, NY — Intern

NOVEMBER 2017 - MAY 2018; NOVEMBER 2018 - MAY 2019

- Studied the fields of Architecture, Construction, and Engineering by meeting weekly with leading firms such as Skanska, JB&B, Thorton Tomasetti, Mueser Rutledge, and Mancini Duffy
- Worked with Mechanical, Electrical, and Engineering (MEP) firm, JB&B, to design a new building for the Ellis Island Ferry Terminal in Battery Park from the MEP viewpoint of the project
- Worked with Structural Engineering firm, Thorton Tomasetti, to outline a column placement and beam layout for a fitness center commissioned to be built as part of Cornell Tech's brand-new campus on Roosevelt Island

Ultimate Sports Camp, Asbury Park, NJ, Brooklyn, NY — Junior Counselor, Coach

MARCH 2017 - AUGUST 2018

- Supervised the daily activities and used problem-solving to help assist campers' problems, such as the social, emotional, and physical well-being of the campers
- Seasonally worked Sundays as a referee in a roller hockey league for various aged kids and Fridays as a Coach for a Little League baseball team

PROJECTS

Allura Imports Inc. — Website

Currently designing and developing an intuitive website, being launched in the coming months, for Allura Imports Inc., a children's clothing manufacturer. The website includes animations, an email newsletter, and contact form, all developed by myself with industry-standard developer tools.
